

Paiste 22" Dark Rides from eBay and other sources (after extracting seriously cracked, keyholed, and otherwise damaged)								
	from Dec 2005	to March 2013						
	low	average	high	N	median \$	ave weight (g)		
602 22 dark ride	\$407	\$641	\$1,350	23	\$650	3,237		
602 black	\$407	\$567	\$800	12	\$505	3,246		
602 preserial	\$459	\$855	\$1,350	4	\$805	3,174		
SC 22 dark ride	\$305	\$540	\$900	41	\$524	3,274		
early	\$372	\$566	\$695	12	\$573	3,261		
late	\$305	\$495	\$700	16	\$490	3,315		
new dimensions	\$305	\$522	\$798	4	\$492			
All 22 dark rides	\$305	\$574	\$1,350	65	\$532	3,257		
they got a bit heavier over time (we thought so before but here is data)								
medians are less influenced by the extreme high prices								
last updated 7 May 2013 5:00 PM			\$798 new dim was a NOS which is part of the Paiste vault selloff					

	2006	2007	2008	2009	2010	2011	2012
602 22 dark ride	\$455	\$573	\$755	\$593	\$602	\$588	\$568
SC 22 dark ride	\$643	\$715	\$515	\$468	\$419	\$399	\$614
All 22 dark rides	\$616	\$595	\$578	\$511	\$510	\$441	\$604

There is one 602 sale in April 2008 for \$1350 which is highly influential on the data, using medians produces a more reasonable result
